

South Failsworth Primary School Parent Survey 2018 Results

Parent comments:

It would be beneficial if parents are made aware of when children are out of class to work with others for SATs and given reasons why.

Both of my children have progressed and enjoyed their time at school. The children are asking for books due to their progress in class. Thank you.

We would like a breakfast and after school club at school.

More after school learning clubs and activities would be good.

Sometimes it is confusing as messages come from Facebook, ParentPay, text and in letters.

Happy with the progress my child is making.

Issues with parking and condition of playgrounds and mud.

Thank you for your continued hard work.

My child is now making excellent progress since his teacher's involvement and with the help of his teacher. A brilliant grounding for his future learning.
